Student Visa: 25 h/wk (term) · Full-time (holidays) · Post-Study Work Visa eligible Feb 2027

Professional Summary

Results-driven IT leader with **12+ years** of progressive experience and **four internal promotions** from Helpdesk Technician to IT Manager at a US-headquartered multinational. Holder of **10+ industry certifications** — averaging 1–2 new credentials per year — across project management, cloud systems, cybersecurity, and networking. Proven track record in leading large-scale infrastructure projects, building cross-functional teams, and delivering process automation with measurable ROI. Currently completing a **Master of Computer Science at VUW**, deepening expertise in AI and data-driven systems.

Technical Skills

Programming & Scripting	Python · VBA (Advanced) · R · JavaScript · PHP · HTML5
Infrastructure & Virtualisation	VMware vSphere · Hyper-V · Windows Server · Linux (RHEL/CentOS) · Data Centre Planning
Networking	Cisco · HPE · FortiNet APs · MPLS · VPN · Wireless · IP & Analogue Telephony
Cloud & Web Services	Huawei Cloud · DigitalOcean · Nginx · MySQL · SSL · Docker · Podman
Security & Compliance	ISO 9001/14000 Audit Support · Vulnerability Assessment · Security Policy Development
Tools & Platforms	Git · GitHub Actions · Hadoop/Spark · SQL · Excel (Advanced) · JIRA

Key Project Highlights

Project	Period	Key Outcomes
Data Centre Renovation & UPS	Nov 2024 – Jan 2025	Led Class C renovation; consolidated server cabinets; APC 15KVA + Schneider UPS. Finished 2 months early — commended by IT VP.
Cybersecurity Awareness Programme	Aug 2024	Trained 200+ employees; 95% post-test pass rate; established ongoing spot-check system.
Conference System Integration	May 2023	Designed & deployed integrated AV solution; meeting disruption ↓82%; saved ¥150K in outsourcing costs.
New Branch Infrastructure Setup	Jul 2021	Designed scalable Cisco/HP network; deployed Siemens Hipath 1100 PBX; supervised cabling & onboarding.
Multi-Site Wireless AP Coverage	Jun 2019	14 FortiAP-423E-S across 5,000+ sqm; 300+ concurrent devices; zero production-line downtime.
Process Automation — Doc Engine	Sep 2018	VBA+NLP engine: 4 hrs → 8 min/document; saved 3,500 work-hours/yr; 2 software copyrights.
Company-wide Hardware Refresh	Dec 2017	Upgraded all PCs (CPU/RAM/SSD); vendor selection, batch deployment & staff training.
VPS Server Deployment	Aug 2016	Built CentOS VPS: DNS, Nginx, MySQL, SSL; security-hardened and deployed to production.

Professional Experience

IT Manager · Four Internal Promotions: Technician → Jr. Engineer → Mid Engineer → Supervisor → Manager Sep 2013 – Aug 2025

Flexfab Rubber Products (Dongguan) Co., Ltd. · US-headquartered · Dongguan, China

Sole IT lead for a 500+ user manufacturing site — full spectrum from helpdesk and network operations to data-centre renovation, budget management, and US-HQ collaboration.

- **Strategic Leadership:** Directed all IT operations and cross-factory network architecture; reduced annual operating costs by **15%** through optimised vendor strategy.
- **Network & Wireless:** Designed and deployed scalable network topologies and enterprise wireless AP coverage across multiple factories (5,000+ sqm), ensuring stable connectivity for 500+ employees.
- **Systems & Virtualisation:** Maintained 350+ endpoints and 100+ printers/scanners; deployed VMware/Hyper-V (reliability **+20%**); managed MPLS/Aryaka/OKTA dedicated lines and FortiVPN; led data-centre renovation to national Class C standard.
- **Cybersecurity & Compliance:** Enforced security policies aligned with ISO 14000/9001, reducing incidents by **30%**; led cybersecurity awareness training achieving **95% pass rate** (200+ employees).
- **Automation:** Built VBA automation engines cutting report processing time by **50%**; document-generation system saved **~3,500 work-hours/year**; produced 2 registered software copyrights.
- **Communications:** Deployed and maintained Polycom 310/Cisco RoomKit conferencing and Siemens Hipath 1100/Weipu TDMX2000H telephony; administered Cisco Jabber, MS Teams, and Office Lync.
- **Cross-Regional Support:** Remote support for Shanghai office; delivered regular security training; served as onboarding instructor for new hires.

Circuit Board Technician

Mar 2013 – Aug 2013

ASUS Computer (Shanghai) Co., Ltd. · Shanghai, China

- Diagnosed and repaired circuit boards (NICs, routers, switches) achieving a **98% success rate**; developed post-repair QA testing protocols.

Construction Technician

Feb 2011 – Mar 2013

Sinopec Shengli Branch · Shandong, China

- Deployed and maintained petroleum engineering equipment; ranked **1st** in annual safety training evaluations.

Education

Master of Computer Science

Feb 2026 – Feb 2027 (expected)

Victoria University of Wellington · Wellington, New Zealand

Courses: Artificial Intelligence · Big Data · DevOps · Database Systems · Cybersecurity · IoT · NoSQL

VuwCTF Cybersecurity CTF — Aug 2026 — Ranked **20th out of 100+ teams**. Solved multiple hard-difficulty challenges in cryptography, forensics, and web exploitation with a cross-functional team.

VUW Hackathon — Team 2nd Place — Apr 1–3, 2026 — Designed and implemented an end-to-end technical solution under time pressure across 3 days.

Bachelor of Engineering in Computer Network

Sep 2015 – Dec 2023

South China Normal University · China

Volunteer & Community

Conservation Volunteer

Apr 2026 – Present

Zealandia — Te Māra a Tāne · Wellington, New Zealand

- Contributing to conservation operations at one of the world’s first fully fenced urban ecosanctuaries — supporting habitat restoration and wildlife protection for Wellington’s native species.

Professional Certifications

Project Management	PMP — Project Management Professional (PMI)
Linux & Systems	RHCSA (Full Score) · RHCE (Red Hat)
Microsoft	MCSE (Core Infrastructure) · MCSA (Windows Server 2016)
IT Service Mgmt	ITIL Foundation Certificate
Networking	CCNA — Cisco Certified Network Associate
Security	CompTIA Security+ CE
Database	Database Systems Engineer — Intermediate (China Soft Exam)
Software Copyrights	2× Registered Software Copyrights (VBA Automation Systems)
